# Setup Survey Web App

Sunday, June 11, 2023     2:08 PM

## 1. Netbeans Project URL: http: //localhost/folderName/
Index File: login.html

## 2.   Open XAMPP and start Apache and MySQL.

# Setup Survey Web App

Sunday, June 11, 2023    2:49 PM

1. Open MySQL. A localhost connection must already be established. If no connection, then see folder: connectLocalhost_mySQL_openOffice.

a. Select "Open Script" and within our project folder select: test_entity_user_votes_2.sql.

# Setup Survey Web App

Sunday, June 11, 2023      7:09 PM

a. Add SQL table into test database by clicking the lightening bold symbol.
b. Right click test and "Refresh All"

4. Open the Open Office app. Within our project folder, select file "surveyDB_2.obd".
   a. Select "Query" and double click "user_yahtzee_2".
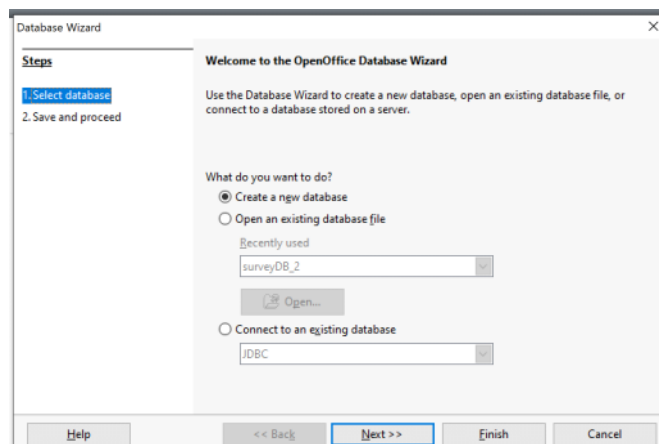

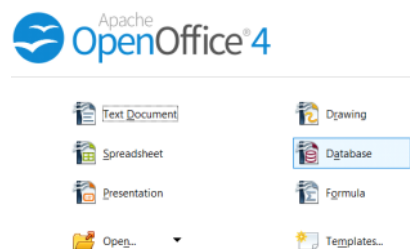

# Setup Survey Web App

Sunday, June 11, 2023       2:59 PM

b.  Tables tab will show entity_user_votes table in MySQL.

**WELCOME TO YAHTZEE!!**

**RULES:**

Yahtzee is a game played with five dice.
Objective is to score as many points as possible in 13 rounds.
Each player has up to three rolls per turn to achieve the most points possible.
At the end of each player's turn, they must choose a category to score their points in.

**Welcome Bart**
